## Tigress Ltd and ACR provide joint services in Angola

Tigress Ltd has teamed-up with Angola Consulting Resources (ACR) to offer software and data management services in Angola. The full suite of Tigress software has been installed at the TEC Luanda data processing centre and is available for use by Tigress clients.

Tigress Ltd Managing Director, David Sullivan commented that "this is the latest in a series of strategic alliances around the world that enables us to address the specific needs of our customers wherever they are located. Tigress is very excited about opportunities in the Angolan marketplace and looks forward to a long and positive relationship with ACR and its associated partners."

Carlos Amaral, Managing Director of Angola Consulting Resources, reiterated the strengthening and extension of local petroleum capacities, as the driving force behind this arrangement. "ACR is an established local service provider in Angola, and the partnership with Tigress Ltd enhances the service we offer, and supports the principles of local content policy that apply in the Angolan oil industry."

Tigress is pleased to work with ACR in this new venture.
